

A Letter to Topdiode Customers

Dear Customers,

Thank you for taking the time to visit our website and your business chance to Topdiode is much appreciated!

It might be your first purchase from Asia, or you might be hurt by some Asian suppliers before. Nevertheless, we deeply understand your request for a reliable supplier of electronic components rather than a broken carton or unqualified goods.

In this page we will let you know what you can get from Topdiode.

Topdiode Quality Commitment

- Topdiode commits to using standard chips for all our discrete components and capacitors.
- Topdiode conducts 100% full inspection before delivery.
- Topdiode will be responsible for each order no matter it is big or small.

Topdiode Service Commitment

- You can get on-time deliveries from Topdiode.
- You can receive fast response to any inquiries on price, lead time, samples, products info, technical info etc.
- You can get correct cross information from our professional sales staff.

Topdiode Price Commitment

- We offer you competitive prices in Asia market while maintaining good quality and service!
- Our price is much lower than Vishay, NXP, On Semi, Diotec, Kemet, Arcotronics, Pilkor, while our products are excellent and qualified replacement of theirs.
